to evaluate, prioritize and communicate current and future human service needs and to mobilize the necessary resources to meet those needs in an efficient manner which fosters human dignity.

2002-2003 President’s Letter

United Way is proud to be a catalyst among community organizations who provide basic health and human services to children, adults and families in Mid-Missouri. United Way partners with local citizens, businesses, non-profit agencies, school districts and state and local government entities. Together, we identify needs in our community and develop systems to address these needs. United Way is much more than a fundraising organization. United Way is the pivotal agency in mobilizing local resources to achieve the greatest impact to improve people’s lives. United Way brings people together for the common good.

In a year plagued by a tough economy, the importance of United Way grows because there are more people in need in our towns. More significantly, the importance of our community partners and United Way supporters is paramount. Despite news of state cutbacks and corporate downsizing, local people reached into their hearts to help their neighbors. Together, we raised more money than ever before to support health and human services for people who are struggling just to have basic necessities such as nutritious food and access to medical care. You, the volunteers and the donors, are the United Way. You do make a profound difference.

Here’s a look at our accomplishments:

• Over 300 volunteers carefully reviewed health and human care needs and program proposals last spring. A systematic allocations process assures donors that gifts are wisely spent to improve the lives of 1 in 3 Mid-Missourians in this seven county area.

• Front Door youth services and The Boonslick YMCA in Boonville achieved the high United Way standards and were added to the team of 31 total agencies serving Mid-Missouri.

• This year, United Way volunteers plan to direct over $750,000 to help children succeed in school, remain safe and healthy, and build character and values.

• Donors and volunteers gave more time and funding to high priority services such as hunger relief, health and dental care for the uninsured, job training for those on welfare and assistance for single parents.

• United Way volunteers remain committed to doubling the value of your gift through matching funds, leveraging gifts-in-kind, volunteer action, special grants and the economic impact of donors’ support of vital local services.

• Volunteers continued to work with businesses, government, schools and others in collaborative partnerships to meet urgent community needs and improve the lives of our Mid-Missouri neighbors. United Way partnered with Verizon to distribute $20,000 to help 9 agencies improve their computer capabilities to serve clients better and more efficiently.

United Way Days of Caring multiplied the efforts of more than 500 volunteers from local businesses and 275 students from the university and the colleges who completed projects associated with 35 organizations.

In the face of many economic challenges, donors and volunteers generated over $2.4 million in pledges. This is about $100,000 short of the spring allocations goal, which means United Way may struggle to meet community needs in the future. Nevertheless, over $160,000 in new pledges was generated to offset similar pledge decreases.

• Our Leadership Circle has grown to 329 members. The local chapter of the Alexis de Tocqueville Society received individual gifts of $10,000 or more from 18 couples.

• Fourteen organizations provided a record number of 16 loaned executives to assist campaign efforts.

It has been my privilege to serve as board president for United Way. Thank you for your continued generosity and support.

Patsy J. Hart
# 2002-2003 Board of Directors

**Executive Committee Members**
- Patsy Hart – President
- Bruce Walker – Past President

Together we can build strong families.
My girls and I would like to thank you from the bottom of our hearts. This is the first and hopefully the last year I'll need assistance... I recently lost my job but the future looks bright and thanks to wonderful and thoughtful people like you, you really show what the meaning of Christmas is about.

—Quote from person who received Christmas baskets from the Volunteer Action Center
Together—we can work wonders!
