

FINANCIAL STABILITY

United Way funds services that strengthen the financial stability and economic mobility of financially vulnerable individuals and families. We address our community's financial stability needs by investing in programs that demonstrate outcomes of: gaining skills or credentials needed for employment, increasing financial literacy, reducing costs, accessing benefits and more.

Of those served and assessed in United Way funded programs:

70%
gained employment

65%
increased their
disposable income by
accessing benefits and/or
reducing costs

FINANCIAL STABILITY INVESTMENT STRATEGY (2023-2025)

Our Goal: Strengthen the financial stability and economic mobility of individuals and families who are financially vulnerable.

Our Targets: Increase the number of households who:

- Gains in skills and/or credentials needed for employment and/or increased wages,
- Gain and sustain employment and/or increase income,
- Increase disposable income by increasing financial literacy and/or reducing costs and/or accessing benefits

FINANCIAL STABILITY

AGENCY	NAME AND DESCRIPTION	ANNUAL AWARD
Love Columbia	The goal of the Extra Mile program is to reduce financial fragility and promote upward economic mobility among low-income individuals in Columbia, Missouri. This goal will be accomplished by providing instruction to increase financial literacy and giving opportunity to practice new financial skills. Participants will be further helped through assistance to access available resources and, if needed, provided no interest loans to eliminate high interest debt.	\$43,992
Love Columbia	The goal of the Side by Side Program is to increase stability and general well-being and reduce isolation and inertia of low-income individuals in Columbia through access to community resources and social capital by offering individualized housing, employment, and life purpose coaching. SBS addresses the struggles many in Columbia experience to achieve employment and housing stability to become financially self-sufficient.	\$74,730
Mid-Missouri Legal Services	The goal of the Financial Stability Project is to provide free legal education regarding consumer rights, employment, and expungements, and free legal representation to low-income people in order to help them preserve their income and achieve financial stability for their household.	\$30,000
United Community Builders	In the Transformations program clients establish goals for success in their personal and professional lives. Clients will be encouraged to maintain employment or continue their education and will be encouraged to develop supportive relationships. The Transformations program implements the Jobs for Life curriculum that provides proven techniques that will enable enrollees to obtain and maintain employment or secure a higher paying position. The program includes career assessment, in-class reading, class and group discussions, and required home assignments.	\$38,270
Central Missouri Community Action	The goal of the Financial Opportunity Center is to create long term relationships with the individuals we serve in the FOC, with a focus on three key areas: Employment Services, Financial Education/Coaching, and access to Income Supports. The FOC program is aligned with CMCA's mission to empower people, strengthen resilience, and improve quality of life for all members of the community and the organization goal to increase income and net worth and decrease expenses of our FOC members to improve their overall economic stability.	\$10,000
Services for Independent Living	The goal of Journey to Independence is to minimize barriers to employment and enhance financial stability of people with disabilities. Through career exploration, job readiness education, and life skills trainings, our consumers will improve soft skills, cultivate work readiness skills, improve their financial literacy, and maximize their independence. We plan to enhance economic self-sufficiency and increase confidence in employment of people with disabilities. Journey to Independence will focus on providing job readiness skills, career exploration, and financial literacy education to promote financial stability and gain skills needed for employment.	\$45,060

FINANCIAL STABILITY

AGENCY	NAME AND DESCRIPTION	ANNUAL AWARD
Rock the Community	The goal of Rock the Workforce is to increase the financial stability of individuals who experience highest employment barriers by providing hands-on job readiness training, job coaching and financial literacy. RTW will grow and diversify a strong workforce and reduce opportunity gaps in workforce development and employment, strengthening our economy by reducing households in poverty. Rock the Workforce (RTW) will engage our target populations with an evidenced-based, 3 prong approach to meet stated goals: Job readiness training, employment support and financial literacy. After 2 years of operating our program in a pandemic, RTW has refined a successful program model assisting the target population to obtain and retain employment in the community while successfully managing their finances.	\$27,948
City of Refuge	The goal of the Refugee Financial Stability program is to empower resettled refugees in Columbia, Missouri to achieve financial independence by helping them obtain employment, delivering education on household personal finance, providing individualized English language instruction, and assisting them in obtaining legal identification documents. We help them navigate a new life and become productive, successful, contributing members of our community	\$30,000

HEALTH

United Way funds services that strengthen the health and well-being of individuals and families who are most vulnerable. The organization recognizes four programmatic areas necessary to achieve health and well-being: Basic Needs; Safe, Healthy, Affordable Housing; Mental Health care; and Medical and Dental care.

Of those served and assessed in United Way funded programs:

90%

increased healthy behaviors

93%

avoided or reduced risky behaviors

HEALTH INVESTMENT STRATEGY (2021-2023)

United Way funds services that strengthen the health and well-being of individuals and families who are most vulnerable.

In alignment with the community, United Way recognizes four programmatic areas necessary to achieve health and wellbeing: (1) Basic Needs, (2) Safe, Healthy, Affordable Housing, (3) Mental Health care, and (4) Medical and Dental care.

We address the community's health needs by targeting programs that demonstrate the following client and/or community outcomes:

- Progress toward stability including but not limited to obtaining access to healthcare, benefits/entitlements enrollment, securing or maintaining safe shelter/housing
- Healthy behavior, based on client goals, including but not limited to increases and maintenance of nutritious food intake and physical activity.
- Decreases in negative health behavior, based on client goals, including but not limited to substance misuse and high-risk sexual activity
- Measurable health improvements including but not limited to, improved and maintained blood sugar, decreased stress level, improved and maintained blood pressure, and decrease in depression

HEALTH

Equity is the intention inclusion of everyone in society. Equity is achieved when system, institutional, and historical barriers based on race, gender, sexual orientation, and other identities are dismantled and no longer predict socioeconomic, education, and health outcomes.

AGENCY	NAME AND DESCRIPTION	ANNUAL AWARD
<i>Basic Needs</i>

EDUCATION

We fund services that support school readiness, literacy, and academic success for children in our community. United Way addresses our community's education needs by targeting programs that demonstrate the childhood outcome of: entering school ready to succeed, reading proficiently by third grade, and making a successful transition in and out of middle school.

Of those served and assessed in United Way funded programs:

100%
**entered school ready
to succeed**

89%
**graduated high school
on-time**

EDUCATION INVESTMENT STRATEGY (2022-2024)

United Way funds services that ensure young people have equitable access to gain the knowledge, skills and credentials so they are prepared for the workforce and able to obtain family-sustaining employment. We recognize community investments are crucial from early childhood through transition to young adulthood (age 0-26).

We remove educational barriers for young people and their families by investing in programs that demonstrate the following client age-appropriate outcomes:

- Meet or exceed age-appropriate developmental milestones
- Gain positive parenting/co-parenting skills
- Improve kindergarten readiness
- Increase social connectedness
- Increase prosocial behaviors
- Develop positive values, social competencies, and positive identities
- Improve or maintain academic performance
- Graduate from high school on time, and/or earn HiSET, and/or earn credentials based on client goals
- Gain further education, vocational skills, and/or job readiness skills based on client goals

EDUCATION

Equity is the intention inclusion of everyone in society. Equity is achieved when system, institutional, and historical barriers based on race, gender, sexual orientation, and other identities are dismantled and no longer predict socioeconomic, education, and health outcomes.

AGENCY	NAME AND DESCRIPTION	ANNUAL AWARD
